

Ski workshop

Alpine skis and snowboards

Gold grind – 590 kr

For large scratches and equipment in need of a full renovation (base repair, base grinding with stone, structure, edge grinding, beveling, and machine waxing).

Silver grind – 490 kr

For small scratches, dull edges or just slow skis (base grinding with stone, structure, edge grinding, beveling, and machine waxing).

Edge grind – 250 kr

Scratch repair – fr. 150 kr

Hot wax – 300 kr

Using an iron, the wax is melted into the base. It protects your skis from abrasion and gives you a long lasting glide.

Machine wax – 100 kr

A quick touch up for smoother and faster rides, not as long lasting as a hot wax.

Cross country skis

Basic preparation – 650 kr

Cleaning, stone grinding, applying basic glide wax and glide wax suitable for the current conditions (using an iron), roughening the grip zone, tape, or applying basic grip wax and glide wax suitable for the current conditions.
